

PORTABLE SPLIT AIR-CONDITIONER

Super Pinguino PAC CS 600 ECO

With LCD remote control

ELECTRONIC & COMFORTABLE

Electronic controls monitor and ensure the optimum performance of the air conditioner.

GREAT VERSATILITY

Euroquip 'Quick' connectors allow extremely versatile use

Outdoor unit is equipped with castor for improved portability.

ENVIROMENTALLY FRIENDLY

Refrigerant used (R290) is completely CFC/HCFC and HFC free

CS 600 ECO

- Cooling capacity: 17000 Btu/h (4990W)
- Separate dehumidifying function for all year around use: removes up to 55.3 litres/day of excess moisture
- Electronic controls with microprocessor
- "FULL AUTO" function: the microprocessor "senses" the room temperature and decides how the appliance should operate, whether it is necessary to cool, dehumidify or provide only a fan effect
- IR remote control.
- Electronic timer and room thermostat.
- "AUTOFAN": the appliance registers the room temperature and automatically ensures the optimum speed ventilation.
- "SLEEP" Function: the micropocessor controls the airconditioner during the night to maintain the correct temperature and ensure the quietest operation.
- Only fan function
- 3-speed ventilation + "SILENT".
- 3-metre long connection lines with 'europquip' connectors to allow disconnection of indoor and outdoor units for ease of installation.
- AUTO DIAGNOSIS SYSTEM.
- Outdoor unit is equipped with castors for improved portability.

TECHNICAL DATA

Dimensions (h x w x d)		
Internal unit	mm	730x560x355
Outdoor unit	mm	570x480x260
Weight		
Internal unit	Kg	42
Outdoor unit	Kg	17
Rated voltage/Frequency	V~Hz	230~50
Cooling capacity	Btu/h-W	17000-4990
Input power	W	1950
Air flow		
Internal unit	m ³ /h	460-560
Outdoor unit	m ³ /h	1150
Moisture removal	l/24h	48-55,2
Noise level		
Internal unit	dB(A)	45
Outdoor unit	dB(A)	49
Suitable for room size approx.		6 x 8 m
